Bathtub Safety Bar- No Tools Required - Clamps

Bathtub Safety Bar with Clamps

Enjoy a feeling of security at home or visiting others with this lightweight, modern *Bathtub Safety Bar- No Tools Required - Clamps*. It's compact, contoured design fits in with any bathroom decor without institutionalizing the feel of the room.

This **Bathtub Safety Bar- No Tools Required - Clamps** provides two textured gripping surfaces at different heights which makes getting out of the tub from a sitting position just as easy as getting into the tub.

The lower rail can also be used by younger children to provide an extra hand hold as they climb over the tub wall. Installation is quick and easy.

No tools are required. Simply set the rail in position on top of your tub wall and the sliding, pressurized clamp locks the rail firmly in place without marring the tub surface.

Removal is just as easy, which makes this a perfect addition for your travel needs. The top rail rises a full 16" above the tub wall making it an excellent choice for the elderly and disabled.

Designed to fit tub walls 2.5" to 6.25" thick.

Not recommended for fiberglass tubs.

Constructed of strong, lightweight polyethylene.

250 lb. weight capacity.
