# Bathtub Safety Bar

## Home Care Multi Grip Bathtub Safety Bar

This versatile **bathtub safety bar** attaches to your tub wall and offers a multi level grip for all kinds of different assistance uses in the bathroom.

It can help support someone standing or be there for the user trying to stand from a sitting position in the tub or from the toilet to the tub, it provides a steady hand hold if a person is attempting to climb in or out of the tub, virtually any support needed.

It features rubber foam pads on the tub wall clamps that prevent marring or scratching of the tub wall when put into place. Installation is simple and quick.

The simplicity of its design makes it portable and useful when visiting other homes, or if you need to provide some assistance in a guest bathroom. The sturdy steel frame is coated with a glacier white rustproof finish. ADA Compliant.

Get a grip on bathroom safety with this extra long 17" polyethylene **bathtub safety bar**. The easy to install grip bar gives both parent and child steady confidence in and around the tub. Toddlers holding the contoured bar can enter or exit a wet and slippery tub safely.

- Unit comes completely assembled and requires no tools for installation.
- Simply press the tab levers to securely attach the suction cups.
- Flip the tabs up to release the bar.
- Can be attached vertically to shower walls too!
- Works best on smooth surfaces.
