Dual Grip Super Handle

Suction Mount Safety Handle for Bathtub

Protect yourself and your loved ones from dangerous falls in the bathroom with the *Suction Mount Safety Handle for Bathtub*. This Unique safety grip combines the best of both worlds with a stable handle that does not require permanent holes to be drilled in your bathroom walls or tub walls.

It rotates 180 degrees at the middle for custom stability where you need it most. There are no tools required for installation.

The unit comes completely assembled and ready to attach to your tub. Three powerful patented suction cups adhere safely to your fiberglass or tile tub with no worries about dents or scratches.

With the 180 degree rotation option, you can create a custom angle of support to suit your family's specific needs.

One unique feature of the **Suction Mount Safety Handle for Bathtub** is the safety indicator light. It glows "green" when suction is strong and secure and "red" when its time to re-affix the suction.

Measures 20 Inches in total length, and 10 Inches to the middle pivot point.

A useful, unique conversation piece with an affordable price that your whole family will want to use.
